11. How do you provide information to consumers on how and where to return covered electronic devices?

We provide information on our website (www.samsung.com/recyclingdirect), a toll-free number (877-278-0799), and all the information how to recycle in our user manuals.

TAKEBACK PROGRAM REPORT (include this information beginning with the first registration submitted after the implementation of the Takeback program)

12a. The number of collection and/or recycling locations (permanent or intermittent) in the state of Michigan. 394

12b. List the weight of the covered electronic devices received by the Takeback program from consumers during the prior year:

0 Tons by mailback 1371.762 Tons thru collection locations 591.736 Tons through collection days 373.229 Tons through Retailers

13. The processes and methods used to recycle or reuse the covered electronic devices received from consumers:

We work through our partnered recyclers to collect the volumes in Michigan. All our recycling is done in accordance with our highest standard for handling hazardous materials, as defined by BAN, which include: no incineration, no solid waste landfill, no export and no use of prison labor.

The recycler will sort the e-waste and determine whether the product can be reused or continue through the end of life process. When reuse is considered, products will have to meet reuse guidelines to continue down the proper channel. If not, the product will be disassembled and follow the recycling product guidelines.
